ASHEVILLE
GAZETTE-NEWS

4 North Pack Square

IS POLITICALLY INDEPENDENT and prints all the news of all the parties without coloring. Published every afternoon except Sunday. The local field is ably covered by an excellent corps of reporters and the news of the world is furnished by the Publishers Press Association. A special correspondent is maintained at the National Capital and the editorial force is capable. The Gazette-News aims to be progressive without being sensational; to be clean and a fit and welcome visitor to every home; to be entertaining, instructive and helpful.

THE GAZETTE-NEWS has a large and growing circulation in Asheville and vicinity, and is the best advertising medium in Western North Carolina. Rates on application.

Subscription—$4.00 a year; 10 cents a week.

Progressive Not Yellow

The Hackney

PRINTERS

We are the Printers and Binders of this Directory.

We are prepared to print anything from a dodger to a daily paper.

Our new Merganthaler Linotype machine is the very latest and splendidly adapted for getting out quickly all kinds of legal work.

We have a full line of the celebrated linen finish bond paper, that is now so popular, with envelopes to match. Other papers we carry are Cranes, Old Berkshire, Valley Mills, Empire Bond, Jefferson Bond and the best grades of ledger papers.

We operate in our press room three cylinders and five jobbers. In addition to this we have a power cutter, folder, stitcher and ruler. With such an equipment, backed by the very best and most experienced workmen, we feel confident that you will realize that you run no risk in placing your orders with us.

Book Binding

We have, in connection with our printing office a thoroughly equipped Bindery. We solicit orders for special ruling and all kinds of binding. Send us your magazines, law books, Bibles and old books that you wish re-bound. We do as good work as you can get anywhere.

10 LEXINGTON AVENUE
Telephone 181

& Moale Co.

STATIONERS

We try to carry everything for the office.

We are agents for Eaton & Hurlburt's Celebrated correspondence papers.

We carry all the new novels, and sell at 10 per cent less than Publishers' prices.

We sell and push the L. E. Waterman Fountain Pen, because we believe it to be the best on the market.

We carry a full line of Rhododendron souvenirs, also novelties of every description. Visitors will be especially interested in this department.

We carry a greater variety of Private Mailing Cards than all other dealers in the city combined, twenty of these being our own views and printed from our own cuts.

Typewriters and Supplies

We sell the Wellington typewriter, all kinds of Typewriter supplies, School Books and School Supplies; take orders for engraved and embossed stationery, wedding invitations, announcements, etc.

And last but not least we are agents for the Yawman & Erbe Filing Cabinets, Bookcases and all kinds of office furniture and devices.

Asheville, N.C. ITS GROWTH & RESOURCES

[In place of the usual "Introductory" we herewith insert the following, furnished by the "Board of Trade.]

Asheville is a busy and enterprising city, with 20 churches; Y. M. C Associations; various book and reading clubs; graded and private schools; Board of Trade; Good Roads Association; four clubs; lodges of leading orders; medical society; bar association; law library and public library; hospitals and charitable institutions; military companies; military band; three banks; boarding houses; telephone exchange, long distance connections; an Auditorium in course of construction; opera house; two daily newspapers, numerous weekly, church, school and society publications; best golf links in the South; well equipped sanitariums; gravity water supply from mountain streams; fire department; electric light and gas plants; electric street car system; water supply and sewerage systems; nine miles of paved streets; market; excellent liveries; cotton mill; tannery; ice factories; woodworking establishments; machine shops; dairies; greenhouses; three water power plants; numerous manufacturing enterprises.

Asheville is an educational center; public and private school property has a value of $600,000. The city school system of Asheville was organized in 1888 with two poor buildings and an enrollment of 900 pupils. In fifteen years the system has grown until it has become one of the most efficient in the South, if not in the country. There is now a teaching force of forty-five instructors including the superintendent and supervisors of manual training, music and physical culture. The enrollment this year is about 2,500 and the city has six modernly built and well equipped school buildings.

Attractive recreation may be had by driving with fine livery, horseback riding and tramping through the mountain trails, golf on the splendid links of the Swannanoa Country Club, drives on the Biltmore estate, boating on the lake at Riverside park, and in social life at the Asheville, Elks and Albemarle Clubs.

Fourteen miles of electric railway cover all points in the city, fare five cents, through transfers.

The rapid growth of Asheville had made necessary additional water supply, and the construction of a pipe line heading in the Black Mountains, at the foot of Mt. Mitchell, was completed in the summer of 1903. The purity of this water is assured, there being no habitation in the mountains above the intake.

Water and water powers are abundant as may be inferred from the character of the country. Streams are bold, free and numerous, the water is pure, clear and without limit, free from iron and soft, exactly what is needed for bleacheries, dye-works, tanneries and pulp making, etc. Several tanneries are in successful operation.

Five miles below Asheville the W. T. Weaver Power Company has developed a plant for electric transmission of power from the French Broad River. This company has installed machinery that develops 3,000 horse power, continuously, day and night; as the low normal flow of the river is ample for this amount of power they are not required to store or pond the water.

The French Broad Power Company is constructing a water power plant on the French Broad, within the limits, and will develop 1,000 horse-power for use in the city industrials.

The Board of Trade invites every investigation from parties seeking sites for factories and other manufacturing enterprises.

Opportunities excellent for small fruit growing, poultry raising, canning, trucking, stock-raising, woodworking.

Timber lands can be bought at from $2.50 to $15.00 per acre. Agricultural lands at from $8 to $100 per acre, according to quality, proximity to railroads, towns, etc. These are prices of land either in a high state of cultivation already or capable of being made so. Poor lands are much cheaper.

Excursions can always be had to Asheville, and those interested in anything pertaining to this city or section should either come and see for themselves, or address for detailed information, the Secretary of the Board of Trade.

THE BAR-LOCK

universal double key board visible writing

TYPEWRITER

THE COLUMBIA

universal single key board visible writing

TYPEWRITER

With either of these machines a written guaranty is given specifying that the entire cost of repairs will not exceed $10 in four years' time and that they will have an exchange value of $50 four years from date of purchase. This reduces the cost of a typewriter to a minimum and enables the smallest business to secure a writing machine.

We will be glad to correspond with parties desiring new or second hand typewriters. We carry a full line of typewriter accessories for all machines, and our mechanics are skilled in the art of rebuilding and thoroughly overhauling machines of all makes. Standard machines always in stock for rental purposes at $3 per month.

ORGANIZED DECEMBER, 1898

SECRETARY'S OFFICE:

89-Third Ave, Borough of Manhattan

CITY OF NEW YORK

Association OF American Directory Publishers...

The Objects of the Association are as follows:

First—To improve the Directory business by the interchange of ideas and by the exchange of competent employees.

Second—To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive such publishers out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory Canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.
